The Greatest Thing

The Other Two

I thank the morning when she comes
Count every moment when she's gone
How can we fall out of the sky in a precious world that's just begun

Heeeyeeyyyy
How can you hurt someone
Heeeyeeyyyy
How can you hurt someone
Heeeyeeyyyy
How can you hurt someone
I love the morning when she comes
Count every moment when its gone
How can we fall out of the shy in a previous world there's only one

Heeeyeeyyyy
How can you hurt someone
Heeeyeeyyyy
How can you hurt someone
Heeeyeeyyyy
You keep hurting me now you're gone
How can you hurt someone
How can you hurt someone

She says the strangest things all the love she brings will take over
The best of everything there's nothing else to live for
Love is the greatest thing and there's nothing else to live for
Love is the greatest thing and there's nothing else to live for

How can you hurt someone if there's a higher ground
How can you hurt someone if there's a lower sound
Heeeyeeyyyy
How can you hurt someone
Heeeyeeyyyy
How can you hurt someone
Hurt someone Heeeyeeyyyy
You keep hurting me now you're gone
Heeeyeeyyyy
You keep hurting me now you're gone
(Heeeyeeyyyy)
You keep hurting me now you're gone

(Heeeyeeyyyy)
How can you hurt someone you keep hurting me now you're gone
