

# Fanatic

Lecrae

Don't try to tell me the world is changing  
Heart's getting stupid, now that is a strange thing  
I got a heartbeat, I feel the heat rise, I got no questions, I got no alibis  
Love? don't know the difference  
Sands and mountains are insignificant  
Now don't try to tell me love is dead, it is your body, now it is your head  
I can't stop crying, I can't stop screaming, I can't stop talking, I can't stop dreaming  
Love is pleasure, love is pain  
Sweet, sweet summer and bitter rain  
I gotta have it, I gotta use it, I gotta own it, never lose it  
Oh oh, whoa whoa, I'm just a fanatic  
Yeh  
Love, love is pleasure, love is pain  
  
Sweet, sweet summer and bitter rain  
I gotta have it, I gotta use it, I gotta own, never lose it  
I gotta use it, I gotta have it, I feel the heat rise  
Love love love  
Yeah  
Oh, whoa whoaa whoaaa  
I'm just a fanatic  
  
I'm just a fanatic  
Yeah, now I gotta have it  
Uh, I'm ah just a fanatic  
I gotta chose it, now now now, just a, just a fanatic  
Ooooo, mmm mmm, love love love  
Just a fanatic
