Danzig

Comes the light  
Comes the flame  
Comes the child who is Come the sword  
Come the flame  
Come the end of bliss's reign Come the dawn  
Come the day  
Wake the softest soul up Come the fire  
Come the change  
Lick the rose of Venus' shame Come the night  
Come the death  
Down the path out of Seven  
Seven  
Seven is my name  
Seven come  
And seven go  
And seven  
Still remain  
Seven  
Seven  
Seven is my name  
Seven on the grandest scale  
And seven  
Still remain And the light  
And the flame  
Take the path on  
And the night  
And the day  
Fall upon the knees of  
And the child  
In the flames  
Casted out of eden
