

Doom

Soulfly

Welcome to planet - Doom
There's no salvation - Doom
There's no Redemption - Doom
No matter who is who
Welcome to planet - Doom
The dark side of doom
For who the bells toll, who
For you the end is soon

(Chorus)

Scream muthafucker x3
Doom

The death of squads of - Doom
The killing fields of - Doom
Guns in the air shout - Doom
So join the march of - Doom
Buildings collapsing - Doom
Empires falling - Ruins
Abomination - Doom
Civilization - Doom

Scream muthafucker x3
Doom..
