We Can Love

Delaney & Bonnie

Baby, there's a place I know
And oh darlin', you just gotta go
It's over on the other side
Beyond the mountain that's oh so highSo come on go with me
And we can love, can loveBaby, I wanna go with you
To climb your mountain that's so so high
Now, I been waitin' a long long time
To find out what's on the other sideSo let's go and waste no time
We can love, we can loveThere'll be lots of things that we can do, oh
Baby, I've got plans for you
Makin' you laugh and lovin' you tooBaby, oh baby, I've been watchin' you
I know, baby, I've been watchin' you too
I think we oughta get together, don't you?
Oh, I do, I do, I do, you know I really doLet's go together hand in hand
And we can love, we gon' love
