

Love Letters

Billy Thorpe & The Aztecs

Love letters straight, from your heart
Keep us so near, and apart,
and all alone, in the night,
When I could have, all the love, youve got
I'll memorize, every line
and I'll kiss the name, that you sign, sign, si i i i
sign ...
then darlin then, I'll be again, right from the start
Love letters straight, from your heart...
guitar / piano solo (4 bars)I'll memorize, every line...
and I'll miss the name, that you sign sign si si si si iii
then darlin then, I'll read again, right from the start
Love letters straight,
from your heart
