Can You Stand The Rain

New Edition

On a perfect day, I know that I can count on you When that's not possible

Tell me can you weather the storm?

'Cause I need some body who will stand by me

Through the good times and bad times

She will always, always be right thereSunny days everybody loves them

Tell me baby can you stand the rain?

Storms will come this we know for sure

Can you stand the rain?Love unconditional

I'm not asking just of you

And girl to make it

Last I'll do whatever needs to be doneBut I need somebody who will stand by me
When it's tough she won't run

She will always, be right there for meSunny days every body loves them

Tell me can you stand the rain?

Storms will come

I know I know all the days won't be perfect But tell me can you stand the rain? Can you stand the rain?

Can you stand the rain?

Can you stand the rain?

Can you stand the rain? Come on baby lets go get wetCan you stand the rain?

Can you stand the rain?

Can you stand the rain?
