

# Entertain the Pain

## My Favorite Highway

It's been a long year without you  
And I can't seem to go one day without thinking about you  
It's not that I doubt you, if I found you  
Would I put my arms around you  
Wish I could let you know how much I miss you  
Entertain the pain, if I could I would kiss you  
I wanna be with you  
I've tried letting go, I don't know how to quit you  
No, baby, you can't change me  
But maybe you'll find that you're better off, better off  
That's what you get for, that's what you get for  
Moving on, moving on  
Try and forget you, try and forget like  
Every tear you ever cried  
Pack them up and say goodbye  
Moving on, and that's what you get for  
I spent a long time without you  
I'm still doing everything I can just to not think about you  
Not that I doubt you, if I found you  
Would I let my thoughts surround you  
I feel just a little bit stronger  
I'll wait just a little bit longer  
But I'm doing just fine without you, babe
