

Mark My Grace

Andrew W.k.

Mark my grace
Mark my grace
Mark my grace Should I hold on to what I thought
Was on point and never not?
I thought that I thought
As though I actually knew about it all Mark my grace
He keeps on working
He keeps on quitting
He keeps on stealing
But keeps on working He keeps on working
He keeps on quitting
He keeps on stealing
But keeps on working He keeps on working
He keeps on quitting
He keeps on stealing
But keeps on working He keeps on working
He keeps on quitting
He keeps on stealing
But keeps on working He keeps on working
He keeps on quitting
He keeps on stealing
But keeps on working
