

# Kentucky Pill

## Johnny Flynn

A Kentucky pill  
And a cow tipping expedition  
And I've seen a fuller moon  
Swinging wanton premonition

Did you ever expect to have more faith than this or that?  
'Cause there's believing and there's taking off your hat  
And there's reading  
And there's reading this or that

I'm running from my old playmates  
I'm running through the town  
I'm running with a gun  
That's gonna shoot my playmates down

Did you punch all those clocks?  
Did you seal up those time bandits?  
If you're playing on the swings  
You can't be in the sand pit

I liked you when you wore those other clothes  
I was into your thinking, where can I get one of those?  
I would have picked your brains  
I would have paid you through the nose

I'm running from my old playmates  
I'm running through the town  
I'm running with a gun  
That's gonna shoot my playmates down

And I'm running  
Oh I'm running  
Oh oh yes I'm running  
Oh I'm running  
Oh oh oh

And the girls that you see  
They're all faster than a train  
You'll see the same girl

But you won't see that face again

Left the changes down to fate and happenstance

Picked a view point

Oh and how my girl can dance

Followed her feet

Realized she was watering the plants

I'm running from my old playmates

I'm running through the town

I'm running with a gun

That's gonna shoot my playmates down

And I'm running

Oh I'm running

Oh oh yes I'm running

Oh I'm running

Oh oh oh
