## **Illuminated**

## **Arto Lindsay**

I'm a student of just one master I'm only afraid of one monster I stand illuminated

All my visions crowd down to one bead of sweatMy whole life bears down on one hour

I stand illuminated

I know world holds many words

Pearls hang down in necklacesIslands come around in archipelagoes

I get all my light from one light bulb

I stand illuminated

I'm devoted to a telling a detail

I'm awash in overall impressions

I stand illuminated

I only roll down the one staircase

I only have foresight the first time

I stand illuminated

I know the world holds many words

Pearls hang down in necklaces

Islands come round in archipelagoes

I get all my light from one light bulb

I stand illuminated
