

Rich Kid

Uriah Heep

She's a rich kid
She wears diamond rings
Knows how to walk
Knows everything
About love, she's not too sure
What she's looking for
Fresh from the woods
Out on the street
She's looking good
Looking so neat
She don't know if she should
'cause she don't know
If she's bad or good
She don't care if it
Hurts her father
She don't care if it
Breaks her mother
She don't care anymore
She just wants what
She's never had before
All she wants is love, she's ready
She wants love
And she's gonna get it
All she needs is love
She's gotta have it, someone to love
All she wants is love, she's ready
Gotta have love, she'll get it

All she needs is love
She's never had it, someone to love
She was a school boy's dream
High school queen
She had it all when she was sixteen
Stayed away from boys
'cause she thought she'd get hurt
Why did she listen to
Her mother's words
Couldn't go out
Had to stay home

And how she hated
Being on her own
She needs love like everybody else
Now she's gonna
Get some for herself
All she wants is love, she's ready
She wants love
And she's gonna get it
All she needs is love
She's gotta have it, she needs love
All she wants is love, she's ready
She wants love
And she's gonna get it
All she needs is love
She's gotta have it, someone ...
