Strangers

Tritonal

Strangers
We could be, we could beMake believe, come on we can play make believe
Samebody, no identity, like we don't have a history (history)
Chemistry's better when we had a mystery, ditched the familiarity
Now you see, you seeI'm curious to try
Can we pretend to night we're just strangers
Shameless behavior
We could be strangers
Sipping on sex and smoking on danger
Shameless behavior
We could be strangersStrangers, strangers
Strangers
We could be, we could be strangers
Got me half, got me half of your disguise
Love are you got me feeling like I'm somebody else tonight
Play your role, you look good when you lose control
Tell me something nobody knows
And let go, let goYou, you, I know you like it too
Can we pretend to night we're just strangers
Shameless behavior
We could be strangers
Sipping on sex and smoking on danger
Shameless behavior
We could be strangersStrangers, strangers
Strangers
We could be, we could be strangers
Strangers, strangers
We can be strangers
We could be, we could be
Strangers, strangersCan we pretend to night we're just strangers
Shameless behavior
We could be strangers
Sipping on sex and smoking on danger
Shameless behavior
We could be strangersStrangers, strangers
Strangers
We could be, we could be strangers
Strangers, strangersCan we pretend to night we're just strangers
Shameless behavior

We could be strangers
