Summer Girl

[Jamiroquai](#)

Ooh, ooh, yeah, alright
That summer girl, she gives me feelingsWhile every heart is flutterin'
She walks the street outside
Sets every pulse a-racin'
They're looking she don't mind
Summer girl
Oh that summer girlAnd she don't care for money
'Cause she got all she needs
Got legs like liquid honey
Eyes the colour of the sea
Oh that summer girlYou know
While every wolf is whistling
And every dog's a fool
She knows there so bereft
Of everything she thinks is cool
Summer girl
Oh that summer girlAnd I've got a midnight crisis
It's taking over me
No tricks for sweet seduction
No stealing fantasies
From summer girl
No diamonds or pearlsSummer girl
Feels like I'm in love again
Oh that summer girl
I want that summer girlSummer girl
Wound up past my window
I need you summer girl
I want you in my worldShe sips her limoncello
All dressed in gabardine
It's gonna take a special fellow
To melt that icy queen
Summer girl
Oh that summer girlNo jetset interlopers
Gonna move in quick
No billion dollar playboys
'Cause she won't miss a trick
Summer girl
(Summer girl)
She likes to talk politicsSummer girl

Feels like I'm in love again
Oh, that summer girl
(Oh, that summer)
I want that summer girl
(Oh, that summer)Summer girl, I didn't think I'd want you so
No, no, no
Summer girl
How I need you in my world
(Summer girl get down with me)
Baby, summer girl
You got the flow I want inside my life
Oh, that summer girl
How am I gonna live without you?
(You're the magic that I need)Summer girl
Feels like I'm in love again
Oh that summer girl
(Oh that summer)
I want that summer girl
(Oh that summer)Summer girl
You wound up past my window
I need you summer girl
I want you in my worldSummer girl
Ooh, yeah, alright
Summer girl, ooh, yeah
