Need Someone

Scratche

From where you stand
There's no way to change it
No way to make it make sense
And its lonely there
There in the spotlight but honey don't i understand
That youYou need some one to love you
You need someone to hold you
Tonight
Someone to love you
Some one to love you
Some one to love youWhen you look at me
Try hard to hide it
Try hard to keep it all in
Well i found you out
Discovered your secret
Well honey it ain't a sin
That youYou need some one to love you
You need someone to hold you
Tonight
Someone to love you
Some one to love you
Some one to love youIt doesn't have to be me,ooohh
But you, you need some one to love you
Someone to tell you, that everything is alright
Someone to love you
Some one to love you
Some one to love you
