My Radio

Anke

My radio goes on and on
My radio it won't be longSomebody, somebody's been tellin' me
That you've been doin' me wrong now
What's going on between me and you now, babySomebody, somebody keeps tellin' me
To check up on my lover
Don't care to hear it, but what bothers me isThey all really know about us
How you keep on doin' me wrong
And then singin' that same old songAnd you don't really know about love
Said, "I've heard it all before
And I don't wanna hear no more"
Just likeMy radio, keep playing that same old song
It goes on and on, every time you come my way
My radio, keep playing that same old song
And it won't be long before I'm on my wayEverybody, everybody keeps tellin' me
That you're no good for lovin'
And there's no way to believe in youBecause you keep on showin' me
That what they say is true now
And what am I supposed to do whenThey all really know about us
How you keep on doin' me wrong
And then singin' that same old songAnd you don't really know about love
Said, "I've heard it all before
And I don't wanna hear no more"
Just likeMy radio, you keep playing that same old song
It goes on and on, every time you come my way
My radio, keep playing that same old song
And it won't be long before I'm on my wayMy radio, you keep playing that same old song
It goes on and on, every time you come my way
My radio, keep playing that same old song
And it won't be long, it won't be long, before I'm on my wayYou're just like my
My radio, you keep playing that same old song
It goes on and on, every time you come my way
My radio, keep playing that same old song
And it won't be long, it won't be long, before I'm on my wayThere's nothin' you can say to me
When I don't know what to believe
I'd rather be without your love
Than listen to itThere's nothin' you can say to me
When I don't know what to believe
I'd rather be without your love
Than listen to it anymore, oh baby
