

# Marionette

## Flyleaf

I wanna cut me free, you wanna clip my wings  
I'm made of flesh and bone, you wanna take control of me  
You wanna dress me up, I wanna feel the sun  
You wanna play pretend, I'm not about to bend, you'll see  
This is not a game  
You want the strings so you can  
Pull at my soul and tear me down  
You want it all, I'm not your marionette doll  
So let me go, oh  
I'm taking back the day you tried to steal from me  
I'm going to make my voice, you'll never get my choice to breathe  
This is not a game  
You want the strings so  
you can  
Pull in my soul and tear me down  
You want it all, I'm not your marionette doll  
So let me go, oh  
Let me go, oh  
So let me go, oh  
Let me go, oh  
I wanna cut me free but you wanna clip my wings  
This is not a game  
You want the strings so you  
can  
Pull in my soul and tear me down  
You want it all, I'm not your marionette doll  
So let me go  
You want the strings so you can  
Pull in my soul and tear me down  
You want it all, I'm not your marionette doll  
So let me go
