

# Money

## Craig Morgan

You can put it in the bank or hide it in a jar  
Scrap it up, save it up for a rainy day or blow it on a car  
It don't matter if you're rich or just plain dirt poor  
Totally set, swimming in debt, everybody wants a little more Moola, greenback, bread, dough, cash, yeah money  
Gotta have gold, pearls, diamond rings  
Houses, boats, cars, Ka-Ching, money  
Then Benjamin Franklins, Abraham Lincolns  
Hamiltons, Washingtons, I know what you're thinking, money You can bet on a race, win it in the mail  
Do a lot of bad stuff and if ya got enough, it'll keep you out of jail  
It'll rent a limousine, drive you to the mall downtown  
Where you can eat till you pop or shop till you drop  
But don't leave home without Moola, greenback, bread, dough, cash, yeah money  
Gotta have gold, pearls, diamond rings  
Houses, boats, cars Ka-Ching, money  
Then Benjamin Franklins, Abraham Lincolns  
Hamiltons, Washingtons, I know what you're thinking, money It's printed, stacked and stamped before it gets to  
you and me  
And it might be made out of wood but it don't grow on trees Moola, greenback, bread, dough, cash, yeah money  
Gotta have gold, pearls, diamond rings  
Houses, boats, cars Ka-Ching, money  
Then Benjamin Franklins, Abraham Lincolns  
Hamiltons, Washingtons, I know what you're thinking, money
