

I'm Not a Rapper

Paul J Kim

Boom get-it get-it I'm not a rapper
Boom get-it get-it don't have the swagger
Boom get-it get-it G-ah
I just say words
Really fast

A B C D E F G H I J K L M N O P

Hey I see you judging me
Cuz I'm not your ordinary
Asian kid with the ninja skills
Taking your order for dollar bills
I speak English better than you
Pros and poetry stay in school

Doesn't phase me when people hate
Because realistically they're a little late
The world is so much bigger than ignorance
You tweeted something but we moved on since

Tripped up trying to be somebody
Is anybody out there anybody
You know them so insecure
So they try to turn heads by being impure

There's this language it's called love
Most don't know the meaning of
It's not something you just feel
But how you choose to act and deal

I know when I press record
Truth comes flowing from the microphone cord
The people are listening ready or not
The good lord inspires, just don't stop

Boom get-it get-it I'm not a rapper
Boom get-it get-it don't have the swagger
Boom get-it get-it G-ah I just say words
Really fast

Boom get-it get-it you think you know me

Boom get-it get-it unique and only
Boom get-it get-it G-ah do the best version of you

Little brother you got too much swag
How do you walk with your pants are sagged
I don't know what your plans are now
But listen for a minute as you raise your brow

To many low life try to have the high life
Times running out while you wanna see the lime light
Don't even know your whole story brother
But you wanna be a man, stand up and grow

It's not all about all the girls you can sex
Bling bling or the muscles you flex
Takes a real man to be a father
Ain't ready for that then don't even bother

Don't hang around like some kind of robber
Rob her of a man who can love her
Too many boys
When they are still in the box playing with the sand

We have a God who can turn around
Heal your life when it's upside down
Raise you up, cuz its not enough
To be living it up when you're sucking the bluff

Been there done that
Old news bought that
New day live long
Girl fights stay strong
You can change up history
With that fire in your heart there's no mystery

Boom get-it get-it I'm not a rapper
Boom get-it get-it don't have the swagger
Boom get-it get-it G-ah I just say words
Really fast
Boom get-it get-it you think you know me
Boom get-it get-it unique and only
Boom get-it get-it G-ah do the best version of you
Ooooo ooooo ooooo
