## The Tough Alliance

movin' on not touchin' ground  
sound of speed at the speed of sound  
movin' on not touchin' ground  
play your games im not around  
you can't take me down

calling out without a word  
above the trees, above the birds  
breathing faster, hold my breath,  
breathing on, not thinking less  
there's no time to rest

change your course in every way  
all i know i've learned today  
far ahead still retarded  
far above still in my bed  
it's all in my head

---
