Keys, valet, got the whip outside
Shawty knows she fucking with a boss
Throwing back shots of the Henn all night
And she down to break a nigga off
She ain't never rolled with a nigga like this
That be for certain, that's one thing I know
Count up this money, yeah we get the dough
Pull up the foreign and she revved to go
99 problems but the money never was it
I done switched the same money over three times
She ain't fucking with you 'cause she really want to roll
With a rich young nigga from the east side
You ain't gotta count it, see the money all there
Fuck them niggas hating, they ain't going nowhere
Seven days a week, 365
We the only niggas in the club throwing money all year[Hook: Chinx]
She ain't never rolled with a nigga like this
She ain't never smoked with a nigga like this
She ain't never rolled with her hair pulled back
