

So Long

Guster

Yes, I heard all that you had to say
That's when it all fell apart
Might be hated but I can't pretend
I liked you better before So long, so long front foot leads the back one
Go on and it won't be too soon
I'm gone, I'm gone and on to the next one
So long and I won't be back soon Yes I'm blue but I'm holding my breath
Like I had from the start
I'm the villain and I should confess
I liked you better before So long, so long and on to the next one
Go on and it won't be too soon
I'm gone, I'm gone bet you saw this one coming
So long and I won't be back soon It's hateful to say, I see it this way
I don't even know who you are
But in my defense I'd do it again
I don't need to know who you are So long, so long and on to the next one
Go on and it won't be too soon
You're gone, you're gone are you waiting for something?
Go on 'cause I won't be back soon It's hateful to say, I see it this way
I don't even know who you are
But in my defense I'd do it again
I don't need to know who you are So long, so long front foot leads the back one
Go on 'cause it won't be too soon
You're lost and gone and on to the next one
I don't need to know who you are
Don't need to know who you are
