Hurry Up And Wait

Making April

I've been told to remember
Keep your lemur eyes wide
Someday you'll make a life of this
So carry on carry on
But i've become so offenseless
Despite these weapons I bear
Have we toned up our finest
Or did we take thisToo Far down
The road you know
I'm scared to go down
I'm waking up anxious to lay back down
Cause all I can do here is wait
Just wait I'll hurry up and waitWell i can't read her expression
Cause man this vixen she's sly
As she keeps me suspended
Well I've lost all control of this flight
Hi yeah yeah
We've ravaged our chances to shine
Would you take what i'm giving to you
Or did i take less
Did we take lessToo far down
The road you know
I'm scared to go down
I'm waking up anxious
To lay back down
Cause all i can do here is wait
Just you waitSo have it your way
I know you'll be watching
With gallant eyes
As we shake the wreckage
And break from these
Hauntingly silent nights
Break from these silent nights
Will this take forever
We might have a shot if we'd stray
But what's another day
Of hurry up and waitHurry up and wait
Hurry up and wait

It's all that you can do now
