M.I.P. (Mind in Panic)

War Device

Madness came and found me,darkness all around me
No one here for me,feel the air that's chokes me
Hold my breath so barely,cure i took so deadly
Didn't make this choice,i can hear the noiseDarkness,madness,pure mess
Hold me,choke me,stop me
Guilty,filthy,empty
Panic,panic,panic...How came this shadow,feel a present narrow
Wishing for an ending,hear my voice to trembling
How i need a friend,this cant be the end
Find a cure to night,panic in my mindDarkness,madness,pure mess
Hold me,choke me,stop me
Guilty,filthy,empty
Panic,panic,panic...
