Take Me Higher

Soul II Soul

Take me up higher, reach for the top
Higher and higher, don't ever wanna stop
Take me up higher, reach for the top
Higher and higher, don't ever wanna stopTake me up higher, reach for the top
Higher and higher, don't ever wanna stopDays and times will come with all that you need
Fulfilling desires or hope what is real
Deeper than this loneliness as long as it's true
You're inner light will shine on through andTake me up higher, reach for the top
Higher and higher, don't ever wanna stopSee the changes with your eyes, feel it in your heart
However long it takes, oh, there's the start
We're just a single step to our begin
To understand this claim, so I can winTake me up higher, reach for the top
Higher and higher, don't ever wanna stop
Take me up higher, reach for the top
Higher and higher, don't ever wanna stopTake me up higher, reach for the top
Higher and higher, don't ever wanna stop
Take me up higher, reach for the top
Higher and higher, don't ever wanna stopTake me higher
Higher than I've ever been, seeing clearer each day
Taking me nearer
Near where the air is clean
Higher than I've ever been beforeTake me on up higher, higher[Incomprehensible], take me high
Ooh, higher, take me high
Take me higher, take me high
Ooh, higher, take me highTake me higher, take me high
Ooh, higher, take me high
Take me higher, take me high
Ooh, higher, take me highTake me up higher, reach for the top
Higher, higher, don't ever stop
Take me up higher, reach for the top
Higher, higher, don't ever stopTake me up higher, reach for the top
Higher, higher, don't ever stop
Take me up higher, reach for the top
Higher, higher, don't ever stopTake me up higher
