

(I'm Looking For) Cracks in the Pavement

Duran Duran

I shed my skin
When the party was about to begin
I'm light years away but I'm walking back tonight
Of all nights When I should be feeling just right
Don't want to be in public
My head is full of chopstick
I don't like it Something on my mind
Breaking open doors I had sealed up before
Something on my mind
Makes me run when I thought I'd run too far Somebody shaking my tree
Maybe that somebody is me
I'm standing in the light
But I'm making a break for the shadows
On the cinema wall They should be mine but I'm not that tall
Now I'm saying this in private
If I had a car I'd drive it
Insane Something on my mind
Breaking open doors I had sealed up before
Something on my mind
Makes me run when I thought I'd run too far I'm looking for cracks in the pavement
