

# One of a kind

## Quannum MCÂ's

I've got this feeling deep inside  
But what it is, I don't know  
My vision starts to change  
My mind gets filled with rage  
I raise my fist up to the sky  
What do you see!  
The fear I see when I look in your eyes  
Makes you believe I'm one of a kind  
One of a kind!  
Fear I leave in the back of your mind  
Makes you believe I'm one of a kind  
One of a kind!  
One of a kind!  
And now I feel like I'm alive  
Don't know just how I got so low  
These voices in my mind  
Tell me, it's killing time  
And it's a thrill I can't describe  
What do you see!  
The fear I see when I look in your eyes  
Makes you believe I'm one of a kind  
One of a kind!  
Fear I leave in the back of your mind  
Makes you believe I'm one of a kind  
Hey, hey, hey  
One of a kind, hey, hey, hey  
One of a kind, hey, hey, hey  
One of a kind, hey, hey, hey  
The fear I see when I look in your eyes  
Makes you believe, makes you believe  
Fear I see in the back of your mind  
Makes you believe, makes you believe  
The fear I see when I look in your eyes  
Makes you believe I'm one of a kind  
One of a kind  
Fear I leave in the back of your mind  
Makes you believe I'm one of a kind  
The fear I see when I look in your eyes  
(Hey, hey, hey)

Makes you believe I'm one of a kind

(Hey, hey, hey)

One of a kind!

Fear I leave in the back of your mind

(Hey, hey, hey)

Makes you believe I'm one of a kind

(Hey, hey, hey)

One of a kind, hey, hey, hey

One of a kind, hey, hey, hey

One of a kind, hey, hey, hey

One of a kind, hey, hey, hey
