

Hallelujah, To Saving Grace

Bellarive

How am I to stand
before you my King
with merit not my own
Blood I did not bleed Hallelujah to saving grace
Hallelujah to Thee
Hallelujah for death has lost its grip
On me To quench the wrath of God
His strong Word heal ye
Becoming sin and death
My curse to receive Hallelujah to saving grace
Hallelujah to Thee
Hallelujah for death has lost its grip
On me Oh Oh the love of Christ
Death could not contain
A ransom sealed in blood
My pardon He gave When darkness comes my way
Should the accuser dare speak
My soul will boast of Christ
For He reigns now in me Hallelujah to saving grace
Hallelujah to Thee
Hallelujah for death has lost its grip
On me Love, it marked the day
When sin it was erased
It's buried in the grave
You rose from x4
