

# Paris (feat. Jordö)

## Nakala

[Verse 1: Nakala]

I wanna wake up in Paris with you

I wanna travel the world see beautiful things and always have you in that view

I wanna fuck you in Paris I do

I wanna sleep on the moon

Whisper my dreams

Wait on the universe, to give me things

Wait on the universe, know what I mean

Baby I love the way that you walk

Love it whenever we fuck

Wherever whenever we make love

I wanna family with you

I wanna see you in my kids

I wanna know you for years

Find a place for us to live and I[Hook 1: Nakala]

Wanna read your mind

I wanna get inside yeah

I want you for life

I wanna be the reason

You wanna stay deep in

Love with me for life[Verse 2: Jordö]

I wanna wake up in Paris with you babe

Cause your the only one I care to be with

Trusay

Take you all over the world

Get everything for my baby girl

Wanna find out which fit I prefer

When you try it on and give me a twirl

I wanna see you baby

I want you for life

I know you're the perfect type

I know I should be more open with you

Know you care because we fight

Know you care cause you're there for me

Even if you're barely here for me

I've been in the dark seeking light

That's why I think about you late at night[Hook 2: Nakala]

Wanna read your mind I

Wanna get inside yeah

I want you for life  
I wanna be the reason  
You wanna stay deep in love  
With me for life
