

# Undercover

Gemma Hayes

Caught up in the undertow  
Takes me from what I never had  
Back to what I'll know

Down, hold me, drag me down, hold me

Now I'm left undercover  
Only half way there  
Man you left me undercover  
A gypsy out of nowhere  
Undiscovered, I was left for dead  
Man you left me undercover

Sleep does not rest easy in this place  
The urgency of water only knows how to take

Down, hold me, drag me down, hold me

Now I'm left undercover  
Only half way there  
Man you left me undercover  
A gypsy out of nowhere  
Undiscovered, I was left for dead  
Man you left me undercover  
Doo doo, doo doo, ooh ooh

Now I'm left undercover  
Only half way there  
Man you left me undercover  
A gypsy out of nowhere  
Undiscovered, I was left for dead  
Man you left me undercover
