1901

Jim Guthrie

counting all different ideas drifting away
past and present they dont matter now the futures sorted out
watching her movements in elipiclle patterns
think its not what you say
what you say is way too complicated
for a minute thought i couldnt tell how to fall out
uh
its 20 seconds till the last call
youre going hey hey hey hey hey hey
lie down you know its easy
like we did it over summer long

and ill be anything you ask and more
youre going hey hey hey hey hey hey
its not a miracle we needed
no i wouldnt let you think so
fold it fold it fold it fold it

girlfriend oh your girlfriends drifting away
past and present 1855 and 1901
watching her moving from material tower
think its not gonna stay anyway i think its overrated
for a minute thought i couldnt tell how to fall out
uh
its 20 seconds till the last call
youre going hey hey hey hey hey hey
lie down you know its easy
like we did it over summer long

and ill be anything you want and more
youre going hey hey hey hey hey hey
its not a miracle we needed
no i wouldnt let you think so
fold it fold it fold it fold it x4
