The Devil Is All Around

Shovels & Rope

when the devil is all around
got you crawling on the ground
on your hands and your knees
with an apple in your mouth
you will know how far you'll go
to make your peace with God
I got a-wasted
and I sat around the fire all day
See if I could find some one
to make love to
And I barely even noticed
how the fibers did tear away
From the fabric of my being
But nobody knows it like you do, babe
Nobody knows it like you do
Nobody knows it like you do, babe
The lengths we will go to...
I'm going down the long road,
maybe it's the wrong road
Either way I've gotta find
my way back home again
Well it's too late to turn back now,
gotta get the lead on out
gotta find some way
to make it right on
But nobody knows it like you do, babe
Nobody knows it like you do
Nobody knows it like you do, babe
The lengths we will go to...
There must be some other way,
I just don't know
How to get myself back up
on that high road
But nobody knows it like you do
So I'm gonna be a good man,
gonna do the best that I can
Though I'm a shell of a man that I once was
And if I find forgiveness in the eyes of God
it'll be hard won, I assure you

when the devil is all around
got you crawling on the ground
on your hands and your knees
with an apple in your mouth
you will know how far you'll go
to make your peace with God
yeah
you will know how far you'll go
to make your peace with God
