Welcome To Love

Young Ejecta

We're coming to an end
Is that what you want, darling?
Tell me if it is, happen now with dinner
You just microwave it, but you won't last forever
Only masturbatingI can send some bad advice
Still you never sacrifice
But somehow you got it
I'm in your work
I've seen it going on this night
We still talk until it's like
You're cold and spit funny
For making me good
Feel too much (You are my hero)
Once was enough (I'm such an idiot)
Feel too much (You don't love anyone)
Once was enough (and I got that with it)
Welcome to love
Welcome to loveWe're coming to an end
Is that what you want, honey?
Please tell me if it is
Forgot some things at your house
Forgot to phone my mother
I bet that you are now
Right about to fuck her
I can send some bad advice
Staring at the sacrifice
But somehow you got it
I'm in your work
You believe in afterlife
We still talk until we fight
Your god was pretty funny
For making me your girlFeel too much (You are my hero)
Once was enough (I'm such an idiot)
Feel too much (You don't love anyone)
Once was enough (and I got that with it)
Welcome to love
Welcome to loveI don't want to live my dreams
I'm just gonna die
I don't want to give you my love

Wouldn't keep with you anywayI don't want to live my dreams
I'm just gonna die
I don't want to give you my love
Wouldn't keep with you anyway
