

Celebrity (Album Version)

Barenaked Ladies

Don't call me a zero, I'm gonna be a hero
Like Phil Esposito or the Kennedys
I'll be incorporated and I'll be imitated
And overrated, but that doesn't bother me
All the jaws will drop
And all the girls will scream
And there will be commotion
When I show up on the scene
All that you will see, is a celebrity
All that you will see, is a celebrity
When I'm riding in my limo, I won't look out the window
Might make me homesick for humanity
There's nowhere that I can't go and there's nobody I don't know
And there's an emptiness that's eating me
All the clocks will stop
And all the jeans will cream
It has always been
My one and only dream
All that's left of me, is my celebrity
All that's left of me, is my celebrity
Leave your heart, lay down your art
You're here for the party
Smile and wave, try to behave
Be happy that they've made you a celebrity
I could disappear
Into the great unknown
And it would wear my face
As if it were its own
And all that you will see is a celebrity
All that's left of me, is my celebrity
I will get in first and I will get in free
All that's left of me, is my celebrity
