

# Pit of Fire

## 3TEETH

I uncoil the serpents spine  
In the soil of your desire  
Deep inside your star divineI taste the blood of the scarlet cry  
From the cup of her desire  
Deep inside her star of fiveI want to drown you in your faith  
I want to crown it with my hate  
I want to burn it in my pit of fire  
I uncover the tellurian lie  
In the oil of their design  
Deep inside the lodge of fiveI taste the blood of the scarlet cry  
From the cup of her desire  
Deep inside her star of fiveI want to drown you in your faith  
I want to crown it with my hate  
I want to burn it in my pit of fireI walk outside of these human lines  
Navigating a path of lies  
Starve my flesh and leave it behind  
I want to drown you in your faith  
I want to crown it with my hate  
I want to burn it in my pit of fire  
I want to wander in the waste  
I want to scar it in the face  
I want to end the human race
