

Decorated

Heir Apparent

Nothing comes from nowhere
One thing remains and I swear
 Nail polish cellophane hair
Bleached, blonde burned down to the brain
I can't complain there's no shame in no fame
 And still it all remains the same
 And I want this game over
 It's a fight to stay sober

[Chorus:]

And I got the pills for the pain the pain (pills for the pain)
Deep down inside I've got to chill and refrain (I'm going insane)
 These crazy thoughts are running round my brain
 They're leading me to places decorated in flames
 Dec-dec-dec-dec-dec-dec-decorated in flames
 I'm highly decorated
Decorated in flames, decorated in flames, decorated in flames

Who you motherfuckers think you are
Crazy Town him 'em hard like our boy Bernard
 Clenched fists as I pace the yard
 So many tattoos I ain't got no room for scars
 Escaped them all make a brother break the law
 Skip trial and escape tomorrow
 Til I end up in the courtroom
 White chucks, hair spiked up
 With my double fat laces on
 And I want this game over
 It's a fight to let this life pass by you
 And try to stay sober
Till the weed and the pipe with Ley come over
 Till we fail again its pales of hen
 So many tattoos the feds can't see my skin
 So I think about my cell again
And my friends do you realize what kind of hell I'm in

[Chorus:]

And I got the pills for the pain the pain (pills for the pain)
Deep down inside I've got to chill and refrain (I'm going insane)

These crazy thoughts are running round my brain
They're leading me to places decorated in flames
Dec-dec-dec-dec-dec-dec-dec-decorated in flames
I'm highly decorated
Decorated in flames, decorated in flames, decorated in flames

Tire tracks running down my veins
Dirty black slacks with the chrome hearts changing
Got a record so dope they got to cut it the cane
I know you know the face do you know the name
I know you seen the stars in magazines
Got drug dealers, street hookers, crooks and fiends
Me I'm hooked on Kush smoking northern green
Catching cheap thrills off the pills I fiend
