

Lover Please

[Melissa Etheridge](#)

A shot in the dark I woke up to find
You had broke all the rules and you changed your mind
Didn't I love you good? Didn't I love you right?
Then tell me where are you going dressed to kill tonight
Oh this one's gonna hurt like hell Answer my prayer and answer the phone
Think twice about it baby
Turn around and come on home
Lover stop, lover don't
Lover stop, lover, lover please It's the same old tune I have sung before
It's the same old game it's just a different score
If there was just one thing I could call my own
It would be your love that's sinking like a stone
Oh this one's gonna hurt like hell Answer my prayer and answer the phone
Think twice about it baby
Turn around and come on home
Lover stop, lover don't
Lover stop, lover, lover, please And they hold you like I want to
And the give you want I want to
And they take it like I want to
And they make it and they break it
Why must you reject me?
Why can't you protect me? Answer my prayer and answer the phone
Think twice about it honey
Turn around and come on home
Lover stop, lover don't
Lover stop, lover, lover Answer my prayer and answer the phone
Think twice about it honey
Turn around and come on home
Lover stop, lover don't
Lover stop, lover, lover please Lover stop, lover don't
Lover stop lover, lover please
Lover stop
