Repetition

Channel Zero

Earth's candle slowly kindles
Has no time to slumber
spins around, under sun control
One day nature will show of what it's capable
The long distance boomerang is thrown away
Who cares in what our children play ?Burn, burn, we should have known
Learn, Learned to controlOne, Two, Three, Four, Turn in circlesRepetition : Why don't we realize ?
Repetition : We live, They die
Repetition : Regenerate the chain
Repetition : And I wonder where we go ?One, One seventy-five, Two
Do you eat of my hand ?Repetition : Why don't we realize ?
Repetition : We live, They die
Repetition : Regenerate the chain
Repetition : And I wonder where we go ?Are you ready
Are you ready to leave
God's ready
I'm ready to leave
to leave the sphere
to leave the sphere
