Argonaut & Wasp

Do you remember
We were both 16
Hot summer nights and
Ways between
And now my hand shakes
Whenever I think of you
I wonder if I tried
I know weâ€™re getting older
If we tried
To take it slower
Then weâ€™d find years been over like the summer and the sea
Stay around for me
We can dance closer to the fire
Wait round for me
Summer loves gonna crash in the waves
Summer loves gonna crash in the waves
Remember when we
Stayed up all night
The waves were calling
Our names in lights
And now my heart breaks
When I think of you
I wonder if I tried
I know weâ€™re getting older
If we tried
To take it slower
Then weâ€™d find years been over like the summer and the sea
Stay around for me
We can dance closer to the fire
Wait round for me
Summer loves gonna crash in the waves
Summer loves gonna crash in the waves
Summer loves gonna crash in the waves
