Ablivion (Instrumental)

UNKLE

This how it all begins
A ride into oblivion
Faster than we've ever been
Faster that we've ever beenListen to the city scream
Stranded in another dream
Further than we've ever seen
Further than we've ever seenElectric shock and we begin
A mile above the mess we're in
Higher than we've ever been
Higher than we've ever beenSo far gone I won't ever stop
I'll let you go and watch you drop
So far gone I can't hold a grip
Another hit and watch us slipSo far gone I won't ever stop
For all that I am, for all that I'm not
So far gone the edge I'm on
I see it now, oblivionThis is an awakening
This is what the children sing
Higher than we've ever been
Higher than we've ever beenCity lights we left behind
Stranded in another time
?
?This is where it all begins
We cross into oblivion
This is where it all begins
We cross into oblivionSo far gone I won't ever stop
I'll let you go and watch you drop
So far gone I can't hold a grip
Another hit and watch us slipSo far gone I won't ever stop
For all that I am, for all that I'm not
So far gone, the edge I'm on
I see it now, oblivionI see it now, oblivion (Repeat x7)
