Lustful Demise

Incantation

[Lyrics by Robert Yench, Music by John McEntee]In tribute to your revenge, we proclaim ourselves to thee
Open wide the hellish portal victory, arise our darkest revengeStorm laden skies vomit black rain, awaken the returnSatanic Minions, unlock the past
Bring forth chaos with bitter revenge
Desecration of laws at our command
Receive thy masters and mourn eternallyForgotten glory
Visions of infernal inspiration, we are servants to the Abyss
Horde of conquerors, we dethrone the savior
We shall reign in Lustful DemiseConjuring summoned ones with unholy recitals, ancient Spells
In Lustful Demise
