

Miracle

Gamma Ray

I was walking through a misty day, the sky was cold and gray
An old man came right up to me and said, "I know your name"
He said he'd like to talk to me, only for awhile
I had no plans, so I said okay, and he started with a sigh
And said, "I've seen a million years pass right away
I've seen the Gods of yesterday
They're old and gray if you will fail
There's only one more way"
What we need right now, is a miracle on earth
Let our hearts cry out, so our voices can be heard
Let us walk away together, from the never ending rain
'Til the sun will shine for all of us again
He said, all life he'd been searchin' for a way to find the clue
That love will turn the fear to hope, skies of gray to blue
"Let the miracle come true my friend", this is what he said
"Let's give ourselves a second chance for another lap in the race"
And then a million stars will shine to light our way
And all the tears from yesterday
Forever washed away
What we need right now, is a miracle on earth
Let our hearts cry out, so our voices can be heard
Let us walk away together, from the never ending rain
'Til the sun will shine for all of us again
Take my hand and you will see the mirror of your destiny
So many came to read the signs, to understand their meaning
Now I see I do not dare, but something's calling me
So many men cannot break free, the one who will succeed
I wonder if it's me
What we need right now, is a miracle on earth
Let our hearts cry out, so our voices can be heard
Let us walk away together, from the never ending rain
'Til the sun will shine for all of us again
It's a miracle we need
Let hearts unite, so our voices shake the earth
Let us walk away together from the never ending rain
'Til the sun will shine for all of us again, yeah
We need a miracle, a miracle, a miracle on earth
And let our hearts cry out for the miracle
Let the stars shine on for the miracle, the miracle on earth
Yeah yeah yeah oh oh, oh oh oh oh
Yeah yeah yeah
It's a miracle, miracle, oh
Our hearts, our hearts, our hearts shall unite for the miracle
Our love, yeah yeah yeah, oh ooh ooh
It's a miracle we need, a miracle we need, yeah
