Angelina

Mark Chesnutt

I always knew it, I'd recognize your face
And I rehearsed it, just what I would say
But then I saw you and all that I could do
Was just smileIn your brown eyes, the past disappeared
And my future, suddenly so clear
I was made for, I was meant for lovin' youOh Angelina, I loved ya long before I'd ever seen ya
So many nights I could only dream ya
But now you're here, my AngelinaI watch the moonlight softly brush your hair
Are you a vision, are you really there?
But then you touch me and the fantasy is so realOh Angelina, I loved ya long before I'd ever seen ya
So many nights I could only dream ya
But now you're here, my AngelinaThis love that I feel
Has no beginning and no end
'Cause I can't remember when I didn't love youOh Angelina, I loved ya long before I'd ever seen ya
So many nights I could only dream ya
But now you're here, my AngelinaOh Angelina, each day there's somethin'
New I love about you
And I wonder how I ever lived without you
Oh, how I need you, my AngelinaOh, how I ever lived without you
How I need you, my Angelina
