Closer

Jason Castro

I wanna steal your mind,
For just a little while
Why don't you play with mine
Darlin' don't you know, I won't
Be happy 'till your closer
Yeah cause I wanna take you away

Cause I'm woohoo
Every time I touch you
And I'm woohoo
Every time I think about you
I'm woohoo
Every time you say that you're mine

Oh I just wanna feel you
Closer, closer, closer
Closer, closer, closer

I wonder if I'm alive
Was it just a dream
Oh, when your lips touch mine
You hit me with a spark,
My heart was stolen in the dark
And now I can't sleep
'Till I have you here

Cause I'm woohoo
Every time I touch you
And I'm woohoo
Every time I think about you
I'm woohoo
Every time you say that you're mine

Oh I just wanna feel you
Closer, closer, closer
Closer, closer, closer
Closer, closer, closer
Closer, closer, closer

I'll be your man

I'll be the only one to touch you
I'll be your lover
I'll be always thinking of you

I want you closer to hold you
And say you're all mine
I wanna take you away
Yeah

Cause I'm woohoo
Every time I touch you
And I'm woohoo
Every time I think about you
I'm woohoo
Every time you say that you're mine

(Oh I just wanna feel you)
A spark, my heart,
Was stolen in the dark
You know, I won't
Be happy 'til I have you
Closer, closer
Oh until I have you
Closer, closer
