

# Daddy's Pearl

[Rick Springfield](#)

So you tell me she's a little cheater  
She's a man eater, yeah that's all right  
'Cause I think I know her better, you can keep your chatter  
And I know it's gonna be alright (Bite your tongue)  
You know I don't want to hear this  
(Bite your tongue)  
You know I've been told before  
And I don't wanna hear it anymore 'Cause you're not talking 'bout my girl  
(No no)  
She is her Daddy's pearl  
(Oh oh)  
She wouldn't hurt me for the world  
(No no)  
Oh oh oh Everybody seems to get their kicks  
Waiting for some fixation they ain't got  
That I'm gonna find out sooner or later  
They're sure it's coming but I know it's not (Bite your tongue)  
You know I don't want to hear this  
(Bite your tongue)  
You know I've been told before  
And I don't wanna hear it anymore 'Cause you're not talking 'bout my girl  
(No no)  
She is her Daddy's pearl  
(Oh oh)  
She wouldn't hurt me for the world  
(No no)  
Oh oh oh Daddy's pearl  
You know she's Daddy's pearl  
You know she's Daddy's pearl  
You know she's Daddy's pearl (Bite your tongue)  
You know I don't want to hear this  
(Bite your tongue)  
You know I've been told before  
And I don't wanna hear it anymore 'Cause you're not talking 'bout my girl  
(No no)  
She is her Daddy's pearl  
(Oh oh)  
She wouldn't hurt me for the world  
(No no)

Oh oh oh
