

Flight Mode

Redrama

I'm taking off()
Flight mode now
And I'm so high if you're trying to reach me
I'm taking off Sky blue, I'm aviating and I will now quit
Baby, no room hesitating up in this cockpit
Getting payed, blowing it all up on the same day
Just roll the dice, I done told you twice, I don't play safe They keep on callin', they callin', but nothin' at all,
unimportant
Hauling ass over borders, no tracking, signal distorted
In a minute we boarding, it's about goddamn time
No getting hold of a man flying
(Pre-)
It must be right, I feel amazing
Yes indeed, I'm trying to score
You're goddamn right, I'm trying to make it
And tonight I'm taking off
I'm taking off()
Flight mode now
Yes, I'm in flight mode now
Let's get in flight mode now
And I'm so high if you're trying to reach me
You gotta get in
Flight mode now
Yes, I'm in flight mode now
Let's get in flight mode now
Up in the skies where you might meet me
(I'm taking off)
(
Ain't talkin' bout damn gadgets
All of them pads, tabs beeping
Don't give a double shit bout a double click
Or your Instagram week-end
I'm talkin' bout real freedom
Never did join 'em, I will beat 'em
Goddamn, wanna make that money
Doing what I love while I'm still breathing
Up in the sky, see a beam of light
If you try reaching me tonight
Waste your time, can't be scared of heights

Might be Miss tonight, or Mr. Right
Some days I got the suit poppin'
What up, baby, hit a new spot then?
Buck naked on the rooftop,
Well, should I? Fuck that! Woulda, coulda?
Now somebody told somebody
They said that I'm gettin' cocky
This is my job, ain't a hobby
And you can say that I'm zonin',
I try to stay in the moment
Can't get away from the omens
(I'm taking off)(Pre-)
It must be right, I feel amazing
Yes indeed, I'm trying to score
You're goddamn right, I'm trying to make it
And tonight I'm taking off
I'm taking off()
Flight mode now
Yes, I'm in flight mode now
Let's get in flight mode now
And I'm so high if you're trying to reach me
You gotta get in
Flight mode now
Yes, I'm in flight mode now
Let's get in flight mode now
Up in the skies where you might meet me
(I'm taking off)
