

# Way Beyond Myself (DJJireh Remix)

## Newsboys

I've been thinking it's about time  
To win the war that fights against  
All the lies invading my mind  
You have brought me to my senses  
Even though You built this world to shake  
You still love me in a personal way  
So I think it's time to leave my doubt behind There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Even into to something way beyond myself  
Even into to something way beyond myself Oh the way we build our empires hoping to impress our friends  
We've forgotten how to inspire those who fall to rise again  
Oh my God, You've built this world to shake  
You still love me in a personal way  
So I think it's time to leave my doubt behind There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Giving into to something way beyond myself  
Giving into to something way beyond myself Storms are gonna come my way, I know  
Some things are out of our control  
But there's a hope beyond myself  
It's You and You will never let me go  
Now I want my life to show  
You got me thinking beyond myself  
Way beyond myself There's so much more than meets the eye  
Or what's going on inside  
I believe in something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees  
Even into something way beyond myself  
There's so much more than meets the eye  
Or what's going on inside  
Giving into to something way beyond myself  
Giving into to something way beyond myself  
Like the wind that moves the leaves

Lord, You move me to my knees  
Giving into to something way beyond myself  
Giving into to something way beyond myself  
There's so much more than meets the eye  
Or what's going on inside  
I'm giving into to something way beyond myself  
I'm giving into to something way beyond myself  
Like the wind that moves the leaves  
Lord, You move me to my knees
