Brightstar

Madison Chance

Telling stories in the night breeze
This is how I want it to be
Jumping in the lake, forgetting about my mistakes
Just want to live life while Iâ€™m young
Donâ€™t want to grow up
Donâ€™t want to be rushed
Just want to live life while Iâ€™m young
Just want to live life while Iâ€™m young
Just want to be heard
I want to scream at the top of my lungs
For people to notice who I am
I bet you understand
Hear the fire crackling next to me
Donâ€™t want to let go of the memory or melody
Watch the dog chase the ducks
He just canâ€™t catch-up
He just wants to live life while heâ€™s young
Donâ€™t want to grow up
Donâ€™t want to be rushed
Just want to live life while Iâ€™m young
Just want to live life while Iâ€™m young
Just want to be heard
I want to scream at the top of my lungs
For people to notice who I am
I bet you understand
And at night it helps me clear my mind
Canâ€™t help but looking at the night sky
Wish upon a star hope you never fall
Hope youâ€™re true to who you are
You donâ€™t want to grow up
You donâ€™t want to be rushed
Just want to live life while youâ€™re young
Just want to live life while youâ€™re young
You just want to be heard
You want to scream at the top of your lungs
For people to notice who you are
Because youâ€™re a shinning star
