

All Dressed In Love

Jennifer Hudson

When you can wear what you feel
What do you wanna say?
Now, love is a little number
That you can wear each day As long as you let me be the accessory
Simply send me on my way
Style of love
I look good in love When it's been out of sight and out of mind
For such a long time, that's how one forgets
So I reached in the back of my closet
And pulled it out and tried it on and it still fits So I covered the pain up with lots of MAC make-up
But I can't help but blush
Because I'm in love
All dressed up in love I'm all dressed up in love
And I'm cool in the summer, warm in the winter
I'm all dressed up in love
And I'm cool in the summer, warm in the winter Cause I'm in love
All dressed up in love People are looking, some even staring
I know I'm glowing when they ask me what I'm wearing
This or that, it's made for any weather
My friend and I sit down and we both made it together Now if you really want one of your own
I hope your shoes are made for walking
Cause I found love
And you must find love I'm all dressed up in love
And I'm cool in the summer, warm in the winter
I'm all dressed up in love
And I'm cool in the summer, warm in the winter I'm all dressed up in love
And I'm cool in the summer, warm in the winter
I'm all dressed up in love 'Cause I found love
And you must find love Love, love, love
Love, love, love
Love, love, love
Love, love, love
Love, I found it
Love is in the air you know
