

# Kiss Of Life

Sade

There must have been an Angel by my side  
Something Heavenly led me to you  
Look at the sky  
It's the colour of love  
There must have been an Angel by my side  
Something Heavenly came down from above  
He led me to you  
He led me to you  
He built a bridge to your heart  
All the way  
How many tons of love inside  
I can't say  
When I was led to you  
I knew you were the one for me  
I swear the whole world could feel my heartbeat  
When I lay eyes on you  
Aye  
You wrapped me up in  
The colour of love  
You gave me the kiss of life  
Kiss of life  
You gave me that kiss that's like  
The kiss of life  
Wasn't it clear from the start  
Look the sky is full of love  
  
Yea, the sky is full of love  
He built a bridge to your heart  
All the way  
How many tons of love inside  
I can't say  
You gave me the kiss of life  
Kiss of life  
You gave me the kiss that's like  
The kiss of life  
You gave me the kiss of life  
Kiss of life  
You gave me the kiss that's like  
Kiss of life

You gave me the kiss of life  
Kiss of life  
You gave me the kiss that's like  
The kiss of life  
You wrapped me up in the colour of love  
In the moonlight baby  
Must have been an Angel came down from above  
Giving me love yea  
Giving me love yea  
You gave me the kiss of life  
Kiss of life
